**STATEMENT OF SUBSTANCE OF INTERVIEW**

Applicant's attorney Matt Hall thanks Examiner Zervigon for his time and assistance in teleconferences of August 1 and 2, 2007. On August 1, the various grounds of rejection of claim 1 were discussed, and it was agreed that the system of independent claims 1 and 24 could be distinguished from the primary reference Moghadam by reciting the materials used with the system more specifically. Mr. Zervigon further recommended specific language to Mr. Hall to

describe the sources of various chemicals used with the claimed system such that the chemicals would be considered structural elements instead of intended uses of the system. Following this conversation, on August 2, 2007, Mr. Hall discussed with Mr. Zervigon proposed language for amending the independent claims of the subject application to recite the precursor source more specifically. Mr. Zervigon directed Mr. Hall to draft the element so that it reads "a precursor source containing . . . ." Mr. Hall agreed to this language, and Mr. Zervigon will enter this language into claims 1 and 14 by examiner's amendment.

Please charge any cost incurred in the filing of this Response, along with any other costs, to Deposit Account No. 503397.

Respectfully submitted,
